

Royal Marble Craft

About Us

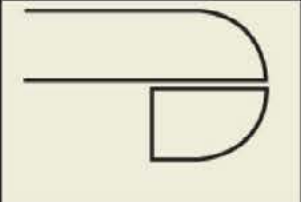

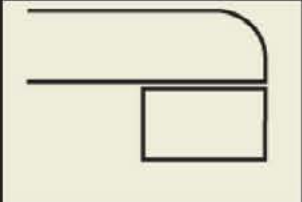

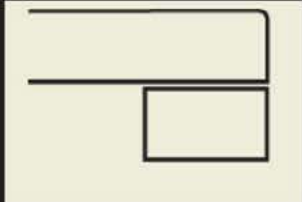

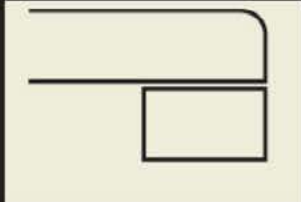

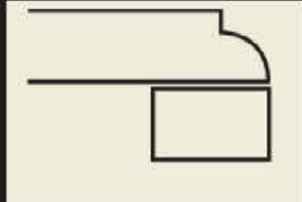

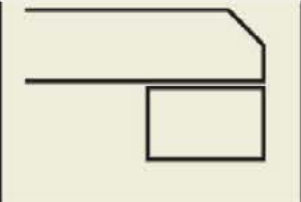

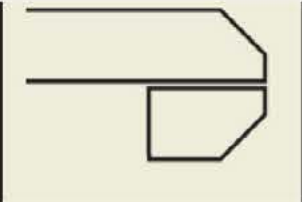

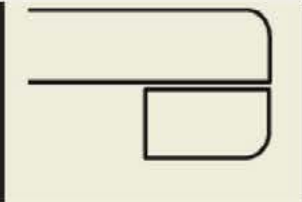

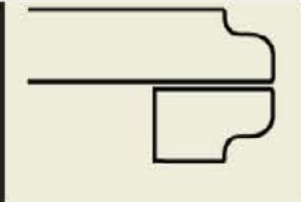

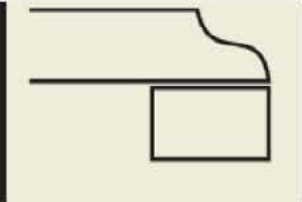

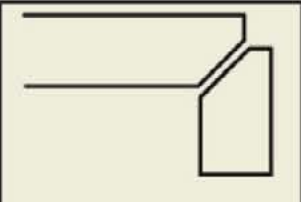

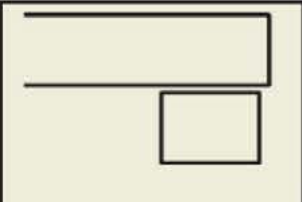

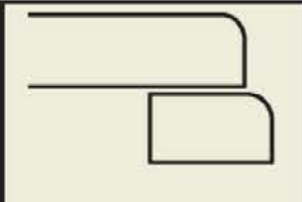

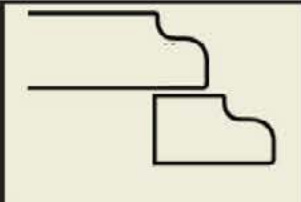

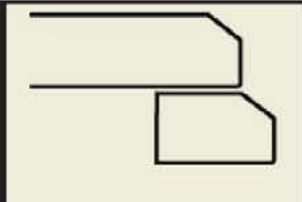

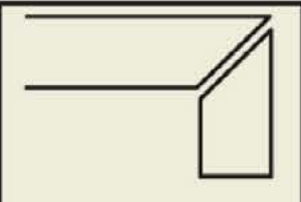

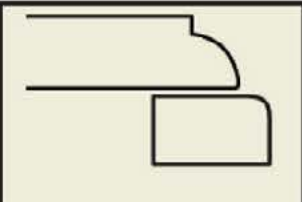

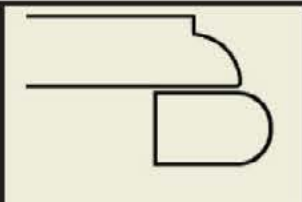

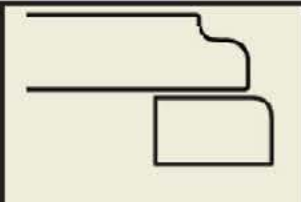

Royal Marble Craft (RMC) is one of the premier custom design and fabrication companies in the country, located in New Delhi. Using 3 different types of computer-driven cutting machineries Water Jet, Laser and Sandblasting. We work as partners with architectural, design, and contracting communities to create beautiful, high quality, horizontal and vertical applications. We specialize in cutting contemporary design and logos for resilient flooring, stone and metal. RMC was founded in response to a call from the architectural, interior design, and contracting professions for a company who understands the needs of these professional communities.

Our commitment to quality and customer service sets the industry standard. RMC enjoys doing business with many prestigious companies throughout the India.

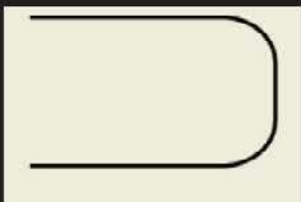

We want an opportunity to earn your trust.

1 1/4" Polished	1 1/4" Pencil Round	1 1/4" Bevel/Polish	1 1/4" "D"	1 1/4" (3/8") Round

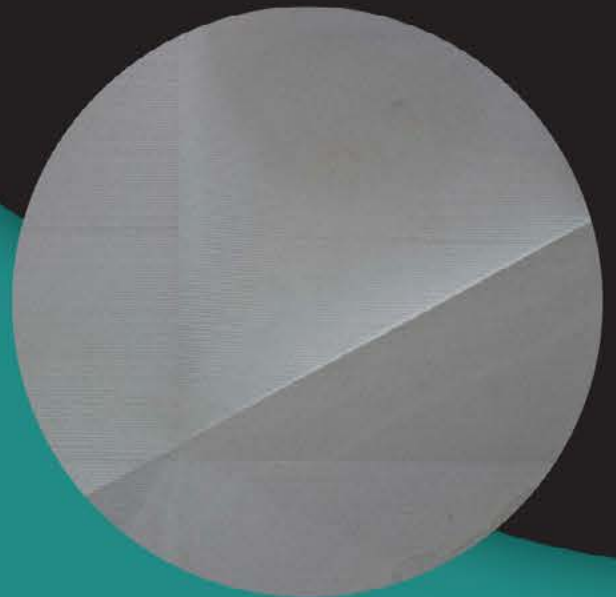

ELEVATION

3D & STONE JALI

Sculptured MARBLE walls detailed by marked facets and suggestive light and shadow effects. An incisive three-dimensional cladding of continuous and sharp lines becomes the dominant feature of architecture and the accoutrement of contemporary hospitality and dining spaces. Sharp lines with tapered traits trace suggestive effects of light and shadow.
